From the President, Municipal Commission, C & M Station
Bangalore, No.1349/30, dated 4-3-31.

The amendment to para 5 of Bye-law No.20, Chapter III, came into force with effect from the 1st October, 1930, with the prior approval of the Hon'ble the Resident. The Commissioner of Police has suggested that a further slight amendment may be made in the above para to enforce the attachment of a reflector to a bicycle, by making it compulsory to carry it whether by night or by day, as he finds it difficult to catch offenders at night. This proposal has been approved by the Municipal Commissio and appears to be reasonable. If the proposal is accep-ed the draft submitted is for approval.

No.4982/32, dated the 1st November, 1932, from the President, Municipal Commission, Bangalore.

Control of Traffic in streets -- licensing of cycle stands.

The proposal is to make an addition to the by-laws made by the Municipal Commission, under clause (m) of sub-section (1) of section 137 of the Bangalore Municipal Law, requiring a license to be taken from the Municipal Commission in respect of bicycle-stands erected in public streets for the use on payment, by the public.

Stands which are allowed to be used free are not required to be licensed under the proposed by-law. Clause 14 of the existing by-law provides a penalty of Rs.50/- for breach of any of the preceding clauses. This will cover also the draft addition proposed.

The draft was published by the Commission for the information of persons interested as required by section 180(1) of the Bangalore Municipal Law.

The Resident's confirmation of the by-law under section 139(1) of the Law is now applied for.

The by-law may be confirmed. Draft submitted.

Amendment to Bye-Law No.20, Chapter III - Regulation of traffic in streets - Your letter No.6696/287-1912, dated the 26th August 1930.

With a view effectively to enforce the amendment to Bye-Law No.20, Chapter III - Regulation of traffic in streets - in regard to the fitting of reflectors to bicycles to which the confirmation of the Hon'ble the Resident was communicated in your letter quoted above, the Municipal Commission, at their special meeting held on the 19th December 1930, accepted the proposal of the Commissioner of Police to insert the following words after the word "bicycle" in line 1 of that amendment - vide copy of the Municipal Commission's resolution No.1 dated the 19th December 1930 enclosed:-

"whether used by day or by night".

2. The reasons for this are explained in the enclosed copy of the Commissioner of Police's proposition. The proposal was published for objections (vide copy of this office Notice No.4177/30, dated the 20th December 1930 enclosed) and no objections having been received, the matter was again placed before the Municipal Commission at their special meeting held on the 26th February 1931 when it was resolved that their resolution of the 19th December 1930 be reaffirmed and be submitted for confirmation (vide copy of the Commission's resolution No1 dated the 26th February 1931 enclosed). I request that the Hon'ble the Resident may be pleased to confirm the Commission's

resolution of the 19th December 1930 accordingly to take effect from the 1st May 1931.

1. Proposition by the Commissioner of Police to amend the recent addition to Bye-Law No.20, Chapter III - Regulation of traffic in streets - in regard to the fixing of reflectors to bicycles.

Resolved that, in order to effectively enforce the recent addition under para 5 of Bye-law No.20, Chapter III - Regulation of traffic in streets - in regard to the fitting of reflectors to bicycles, the following words be inserted after the word 'bicycle' in line 1 of that addition, and that the same be published for objections:-

"whether used by day or by night".

Amendment of para 5 (a) of Section 20, Bangalore Municipal Law.

Insert the words "whether used by day or by night" after the word "bicycle".

Statement of objects and reasons.

Reflectors are, it is true, only necessary at night. At night there is little chance of catching an offender as he cannot be recognized in the dark, and the absence of a reflector can only be noticed after the bicycle has passed. Thus the law as it stands cannot be enforced.

To enforce the law it is necessary to make it an offence to ride a bicycle without a reflector.
